

Tentative Test Schedule for IIT JEE 2018

| Date | Day | Subject | Pattern | Topic | Duration |
|-----------|--------|---------|-------------|---|----------|
| 20-Nov-16 | Sunday | Phy | JEE Main | Kinematics. | 2 Hrs |
| 27-Nov-16 | Sunday | Maths | JEE Main | Complex Numbers (except Geometric interpretation), Trigonometric Identities and Basic Co-ordinate geometry, locus. | 2 Hrs |
| 4-Dec-16 | Sunday | Chem | JEE Main | Atomic Structure and Periodic Properties. | 2 Hrs |
| 11-Dec-16 | Sunday | P+C+M | JEE Main | Units & Dimensions, Error Analysis, Significant Figures & Vector + Trigonometry, Calculus (Integration + Derivatives) and Kinematics ; Redox Reactions, Atomic Structure and Periodic Properties ; Logarithms, Quadratic Equations & expressions, Complex Numbers (except Geometric interpretation), Trigonometric Identities and Basic Co-ordinate geometry, locus & Straight line. | 3 Hrs |
| 18-Dec-16 | Sunday | P+C+M | JEE Advaced | Units & Dimensions, Error Analysis, Significant Figures & Vector + Trigonometry, Calculus (Integration + Derivatives) and Kinematics ; Redox Reactions, Atomic Structure and Periodic Properties ; Logarithms, Quadratic Equations & expressions, Complex Numbers (except Geometric interpretation), Trigonometric Identities and Basic Co-ordinate geometry, locus & Straight line. | 6 Hrs |

Note: Test timing will be announced later in the class.
